

REQUEST FOR NOMINATIONS

ADVISORY COUNCIL ON ALZHEIMER'S RESEARCH, CARE, AND SERVICES

The Secretary of the U.S. Department of Health and Human Services (HHS) established the Advisory Council to provide advice and consultation to the Secretary on how to prevent or reduce the burden of Alzheimer's disease and related dementias on people with the disease and their caregivers. The Secretary signed the charter establishing the Advisory Council on May 23, 2011. HHS is soliciting nominations for seven (7) new non-Federal members of the Advisory Council to replace the seven members whose terms will end September 30, 2021.

The Advisory Council on Alzheimer's Research, Care, and Services meets quarterly to discuss programs that impact people with Alzheimer's disease and related dementias (AD/ADRD) and their caregivers. The Advisory Council makes recommendations to Congress and the Secretary of HHS about ways to reduce the financial impact of AD/ADRD and to improve the health outcomes of people with these conditions. The Advisory Council also provides feedback on a National Plan for Alzheimer's disease. On an annual basis, the Advisory Council evaluates the implementation of the recommendations through an updated National Plan. The National Alzheimer's Project Act, Public Law 111-375 (42 U.S.C. 11225), requires that the Secretary of HHS establish the Advisory Council on Alzheimer's Research, Care, and Services. The Advisory Council is governed by provisions of Public Law 92-463 (5 U.S.C. Appendix 2), which sets forth standards for the formation and use of advisory committees.

The Advisory Council consists of 22 members. Ten members are designees from federal agencies including the Centers for Disease Control and Prevention, Administration for Community Living, Centers for Medicare & Medicaid Services, Indian Health Service, National Institutes of Health, National Science Foundation, Department of Veterans Affairs, Food and Drug Administration, Agency for Healthcare Research and Quality, and the Health Resources and Services Administration.

The Advisory Council also consists of 12 non-federal members selected by the Secretary who fall into six categories: dementia caregivers (2); health care providers (2); representatives of state health departments (2); researchers with dementia-related expertise in basic, translational, clinical, or drug development science (2); voluntary health association representatives (2); and dementia patient advocates, including an advocate who is currently living with the disease (2). The member living with the disease serves a 2-year term.

At this time, the Secretary of HHS shall appoint one member from each category (caregiver, health care provider, state representative, researcher, association representative, dementia patient advocate, person living with dementia), to replace the seven members whose terms will end on September 30th, 2021, for a total of seven (7) new members to the Council. After receiving nominations, the Secretary, with input from his staff, will make the final decision, and the new members will be announced soon.

after. Members shall be invited to serve 4-year terms, except that any member appointed to fill a vacancy for an unexpired term shall be appointed for the remainder of such term. The member living with dementia will serve a 2-year term. A member may serve after the expiration of the member's term until a successor has taken office. Members will serve as Special Government Employees.
