The Council will use a portion of the meeting to review the work it has accomplished thus far towards the 2025 goals, and then discuss the process for developing recommendations for the 2015 update to the National Plan. The Council will also hear presentations from the three subcommittees (Research, Clinical Care, Long-Term Services and Supports, and Ethics).

Public Attendance: Seating may be limited. Any interested member of the public who is a non-U.S. citizen should include this information at the time of registration to ensure that the appropriate security procedure to gain entry to the building is carried out. Although the meeting is open to the public, procedures governing security and the entrance to federal buildings may change without notice.
