Notes: * Marketplace data represent the cumulative number of Individuals Determined Eligible to Enroll in a plan Through the Marketplace who have selected a plan from 10-1-13 to 3-31-14, including Special Enrollment Period-related activity through 4-19-14 (with or without the first premium payment having been received directly by the Marketplace or the issuer), excluding plan selections with unknown data for a given metric.

** Medicaid/CHIP data are state reported and represent the difference between March 2014 enrollment and Pre-ACA Monthly Average Medicaid and CHIP Enrollment (July-Sept 2013). Not all changes in enrollment may be related to the Affordable Care Act. Because these data are state-reported, detailed questions about the Medicaid/CHIP data should be directed to the states.
