Edward Archer, PhD. MS.
Chief Science Officer, EnduringFX
archer1@evolvingfx.com

Dear Dr. Archer:

Your email of 2/5/2018 sent to Dr. Onufrak and colleagues has been carefully reviewed. This request is listed as #68 on the HHS website on Information Quality Requests at: <https://aspe.hhs.gov/information-requests-corrections-and-hhs-responses>. In your email you suggest that a manuscript published by Drs. Onufrak et al. in the peer-reviewed journal "Journal of the Academy of Nutrition and Dietetics" is subject to an Information Quality Request for Correction under the HHS/CDC Guidelines for Ensuring the Quality of Information Disseminated to the Public. Accordingly, you suggest certain changes be made to the manuscript. Based on our review, the manuscript in question is not subject to the OMB Peer Review Bulletin, as it is not an official view of the CDC and it contains a disclaimer distinguishing the work from CDC's views and position.

Sincerely,

/S/

Barbara A. Ellis, PhD
