Table 5C.
Percentage of Leavers Enrolled in Medicaid and Health Insurance

	Medicaid Coverage				Employer Health Insurance	Other Health Insurance	No Health Insurance
	6-8 mos		12-18 mos	26-34 mos			
Survey Data — Adults							
Illinois Dec 98**	47				in "other"	21	36
Washington Oct 98	53				13*	8	26
Arizona 98.1 "one-month" leavers in ( )			(39)		(15)	(5)	41 (40)
Missouri 96.4 **				33	25	9	32
Survey Data — Children****							
Illinois Dec 98**	53				in "other"	23	29
Washington Oct 98	67				9*	11	13
Arizona 98.1 "one-month" leavers in ( )			(51)		(12)	(8)	28 (26)
Missouri 96.4 **				68	14	9	11
Administrative -- Adults	2nd Qtr	3rd Q	4th Q	8th Q			
Illinois 97.3-98.4 (m)**	52.1	47.6	39.9				
Washington 98.4 **	56.0						
Arizona 98.1 (m)	45.3 (48.4)	41.5 (44.3)	36.9 (39.6)				
Missouri 96.4 **	38.5	33.6	30.7	26.4			
Administrative -Children	2nd Qtr	3rd Q	4th Q	8th Q			
Missouri 96.4 **	86.4	96.5	87.1	67.9			

Notes:
Administrative and survey data on health insurance status of leavers and their children in Missouri has been revised to reflect new information the state (from Chapter IV of survey report, Part C of administrative data report).
* Employer sponsored insurance includes union sponsored insurance in Washington.
** In this table, the Washington *administrative* data, as well as all Illinois and Missouri data, are for all leavers, including two-parent leavers. In Washington, both adult recipients in a two-parent household are tracked as two, separate members; and such recipients account for 26.5 percent of adult recipients in Washington in cohort 98.4.
**** Children enrollment rates are percentage of adults with at least one child with Medicaid coverage in Arizona and Illinois Arizona but are percentage of children with coverage in Missouri and Washington. All four states include any SCHIP enrollment as a form of Medicaid enrollment in this table. The Medicaid figures do not include Washington's Basic Health Care plan.
( ) Arizona survey data include leavers who were off TANF for only one month.
