Letter of intent

Submitter: Eitan Sobel, MD

Proposal: Remote specialists and experts consults.

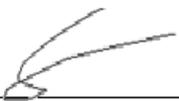

Dear Committee Members,

I would like to express intent to submit a Physician-Focused Payment Model for PTAC review by the end of August, 2019.

1. Expected participants: Eitan Sobel, MD will participate in the proposal along with possible other four physicians
2. Goals of the payment model: To improve care by providing support to providers and to save health care cost by forging a specific plan for each patient, case by case.
3. Model overview: Creating a payment system for remote specialists and experts.
4. Implementation strategy: Once the model is approved, a testing site will be selected for implementation.
5. Timeline: Eitan Sobel, MD will formally submit the model proposal to the PTAC by the end of August, 2019 with the goal of implementation sometime in 2020.

If there is any additional information you would like to obtain prior to the formal submission of the model, please contact me at (802) 345-4378 or email me: [eitansobel@hotmail.com](mailto:eitansobel@hotmail.com).

Respectfully,

---
