

U.S. Department of Health and Human Services
Assistant Secretary for Planning and Evaluation
Disability, Aging and Long-Term Care Policy

ECONOMIC IMPACTS OF PROGRAMS TO SUPPORT CAREGIVERS:

FINAL REPORT

January 2020

Office of the Assistant Secretary for Planning and Evaluation

The Assistant Secretary for Planning and Evaluation (ASPE) advises the Secretary of the U.S. Department of Health and Human Services (HHS) on policy development in health, disability, human services, data, and science; and provides advice and analysis on economic policy. ASPE leads special initiatives; coordinates the Department's evaluation, research, and demonstration activities; and manages cross-Department planning activities such as strategic planning, legislative planning, and review of regulations. Integral to this role, ASPE conducts research and evaluation studies; develops policy analyses; and estimates the cost and benefits of policy alternatives under consideration by the Department or Congress.

Office of Disability, Aging and Long-Term Care Policy

The Office of Disability, Aging and Long-Term Care Policy (DALTCP), within ASPE, is responsible for the development, coordination, analysis, research, and evaluation of HHS policies and programs. Specifically, DALTCP addresses policies and programs that support the independence, health, and long-term care of people of all ages with disabilities; that promote the health and wellbeing of older adults; and, that prevent, treat, and support recovery from mental and substance use disorders.

This report was prepared under contract #HHSP23320100025WI between HHS's ASPE/DALTCP and the Urban Institute. For additional information about this subject, you can visit the DALTCP home page at <https://aspe.hhs.gov/office-disability-aging-and-long-term-care-policy-daltcp> or contact the ASPE Project Officer, Judith Dey, at HHS/ASPE/DALTCP, Room 424E, H.H. Humphrey Building, 200 Independence Avenue, S.W., Washington, D.C. 20201. Her e-mail address is: Judith.Dey@hhs.gov.

ECONOMIC IMPACTS OF PROGRAMS TO SUPPORT CAREGIVERS: Final Report
